Dear Ms. Goode,

I want to share with you how very pleased we are with our daughters' piano teacher, John Melnick. My daughters, Ashley (9) and Elise (8), have been taking piano lessons with John for almost 3 years at Musical Expressions. I believe it is John's teaching that has given them a love of piano. He has a gift for inspiring them.

Many of my daughters' friends take piano lessons. Most of those friends dread their piano lessons. Their parents tell me they have to practically force their kids to practice. It couldn't be more different for my girls. They look forward to piano lessons. They (usually) practice piano without being told. I know when my daughter Ashley has gotten up in the morning because I hear her playing the piano. We recently had to miss a piano lesson because the girls' soccer teams were holding special skills camps. They were so disappointed! They said "but we wanted to go to piano!". I think that's amazing – they'd rather go to piano lessons than play soccer with their friends!

I want to thank you for the past 3 years, and I look forward to continued progress in our daughters' musical education. My husband and I truly appreciate all that John and Musical Expressions have done for our daughters!

Sincerely,

Carolyn
